Drug and Alcohol Program Manager
ELDEC Corp.
97027
Lynnwood WA 98046-9727

Dear Program Manager:

When the Federal Aviation Administration (FAA) originally approved ELDEC Corp.'s antidrug plan, it issued ELDEC Corp. an identification number that was out of sequence with other identification numbers. This was done in an effort to more easily and quickly identify different types of employers. The FAA is now in the process of changing its antidrug/alcohol misuse prevention database system. The new database will automatically assign employers identification numbers and, thus, will not accept identification numbers that are out of sequence.

As a result, the FAA is changing ELDEC Corp.'s identification number to place it in sequence with other identification numbers. Please note ELDEC Corp.'s new identification number listed at the head of this letter and use it in conjunction with any communication to the FAA or to other employers pertaining to ELDEC Corp.'s antidrug/alcohol misuse prevention program. If you have any questions regarding this change, please call this office at 202-267-8976.

We apologize for any inconvenience this change may cause you.
Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrice M. Kelly', written over a horizontal line.

Patrice M. Kelly
Manager, Implementation, Regulations
and Policy Branch
Drug Abatement Division
